

Final Report

My project is implement in two regions of warmińsko-mazurskie voivodeship. It is Gizycko district and in the voivodship capital.

1. To implement my project I had to had official consent from my school- The High School of Police in Szczytno. The school supported me in my operations.
2. Meeting with psychologist in my school. I got opinion about my project. Talking with the psychologist was about emotions, what drivers will have after watching movie with scene from tragic accidents. We established that movie will have influence for drivers. In opinion psychologist they will drive slowly.
3. Meeting in Voivodship Police Headquarters with Mrs. Ilona Buttler (ITS Poland), Mr. Mariusz Tanski (Traffic Road Policeman from voivodship police headquarters in Olsztyn) and Mrs. Bernadetaa Cwiklinska (Traffic Road Police from voivodship police headquarters in Olsztyn).
We established that the project is quite good. Mr. Mariusz Tanski offered his help to implement my project.
On this meeting we discucced installed movie in police devices in police cars. It was good news for me because I did not have to look for sponsors to endow mobile players.
4. I prepared measurements of effects:
 - Police patrol by the road. Policemen will show movie to drivers. Next they will inform me by the cellphone which drivers watched movie. I will be staying from 6km away and by the radar I will be measuring speeding both drivers which were stoped by the Police and watched movie, drivers which were stoped by the Police but did not watch movie and drivers which did not stoped by the Police. On the basis of my measuring I will prepared statistics where will be presented speeding drivers after watched m movie. Next way to measuring effects is driver`s opinion about project- Policemen will make very short questionnaire.
 - Police patrol which is still driving on the road (it means “secret Police”) after presented movie they will make questionnaire about project.
5. I prepared movie. I accumulated movie from the Internet and I made one movie. I added sentences about life and death, about speeding, responsibility.
6. Meeting with the lawyer. Talking about copyright. The lawyer said that if I made scientific research like as school I can use this movies from the Internet. Of course better will be fact that I will have agree producents of this movies but it was impossible to me. That is why I am by fact that I can use it for scientific research with help school.

7. Presenting movie to people in my society and making questionnaire. It was students, teachers, family, friends, friends my friends. The follow I present results.

THE QUESTIONNAIRE

To get informations about realized project, please aswer for these questions.I additionally that making this questionnaire is not compulsory.

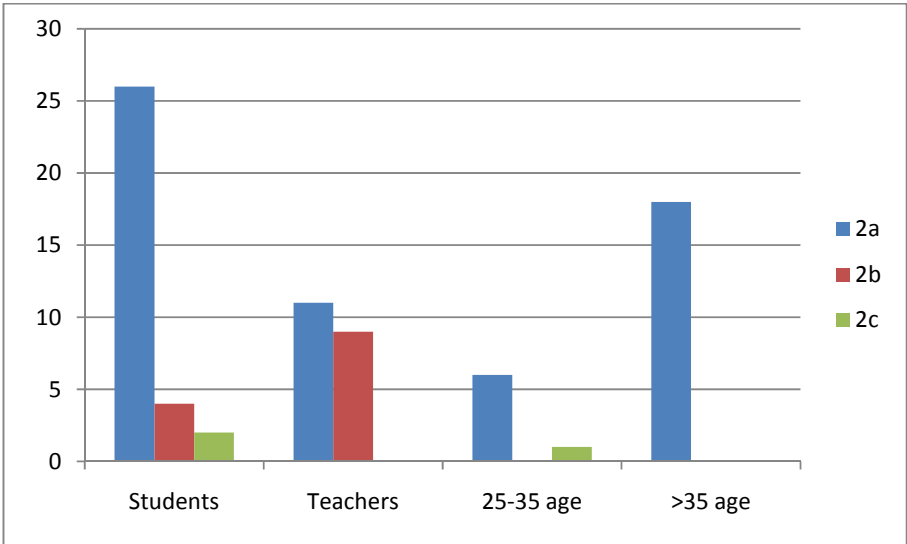

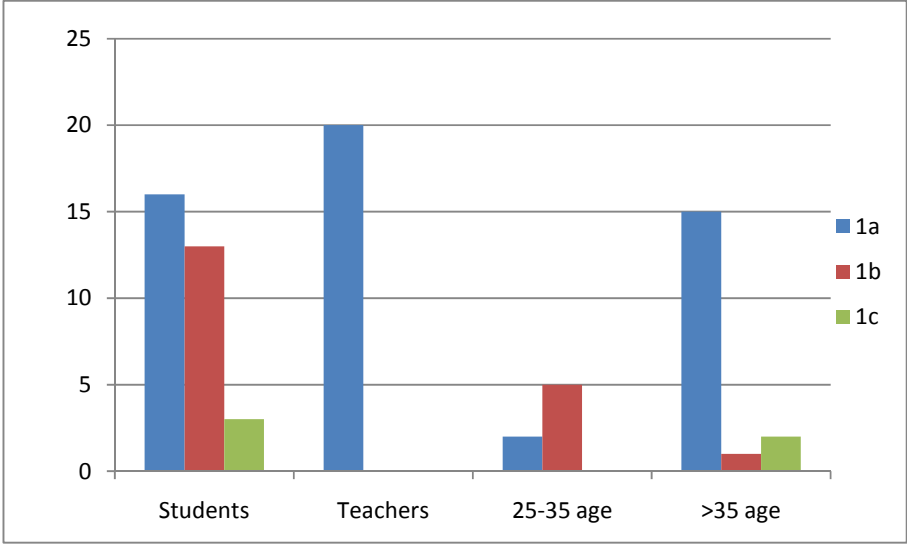

1. Do you think that after watching this movies you will be driving slowly?
 - a) Yes, for sure I will be driving slowly.
 - b) I will try to drive slowly.
 - c) No, this movie does not have influence for my driving.

2. What do you think about this project ?
 - a) Great idea! Thanks for that drivers for sure will be driving slowly.
 - b) Good idea, but the effects will be short- time.
 - c) It is not good idea. After watching movie drivers will be not driving slowly.

Thank you for your help. Wide roads!

The authoress of Project E.D.

Answers	Group of people			
	Students	Teachers	25-35 age	>35 age

8. Meeting in Poviatic Police Station in Gizycko. Talking with managers of Traffic Road of Police in Gizycko. Presenting my project. Getting agree for implement. Mr. Waldemar Krukowaski said that talk with Commander of the Police in Gizycko.
9. Meeting in Police Station in Gizycko with Deputy Commander of Police in Gizycko- Mr. Dariusz Kajdanowski. It was next agreement for my project.
10. Meeting with Poviatic Commander of Police Station in Gizycko- Mr. Andrzej Mazurek and Traffic Roadmaster in Police in Gizycko- Mr. Marek Sudnikiewicz. It was first problems about movies. I got agreement for project but in Police Station in Gizycko nobody could installed movie without computers virus.
11. Meeting in local radio. Talking about my project. The information about project will published than when my project will quite completely. Information about it will be published in website of Voivodship Police Headquarters and in the local newspaper "Gazeta Gizycka".
12. Sending movie to Mr. Mariusz Tanski from Olsztyn. There movie was scanning. I was waiting for answer. The Police in Olsztyn send all documents to Gizycko.
13. Waiting for official documents from school to Voivodship Police Headquarters in Olsztyn. Voivodship Commander had make official agreement for implement my project.
14. During the waiting for all documents I was in Warsaw in ITS. I received radar which I will make measuring.

Unfortunately, in last time the Policemen from Olsztyn said that they did not accept presenting movie. We had term to made my project, but one day before they resigned to implement my idea. They have objections to present movie because they are afraid of copyrights. Now, I am waiting all the time for opinion from Police Lawyer.

But my waiting is too long so that is why I had to make some change in my project. I decided make meeting for students (students which are drivers and have cars in Szczytno). This meeting was on 26th of January 2010 Restaurant near Szczytno.

1. I organized place where I could make meeting.
2. I put up a notice in my School on 22th of Januray about the meeting.

During the meeting I was talking about speeding, about dangerous on the road. The main point of meeting was presenting my movies. Students were very excited and they were in furious. I prepared questionnaire about cars what have coming students. I made lists of it. On the meeting arrived 35 students. We discussed about problems of road, about speeding. I presented the statistics. The main point of meeting was presenting movie about accidents. When the students watched movie meeting was in the end. Next they had to come back to Szczytno. I asked my friends for helping. He was situated on the road "Narty- Szczytno" with radar. They have a list of cars students (which I prepared) and they measuring speeding student`s cars and other driver`s cars. The students did not know about measuring their speeding !

★ here my friends was situated

rithmetical mean of exceeding speeding	6,666666667	10,11764706

I would like to implement my project like as I wanted firstly but the time was too short for me. I do not to give up and I am waiting for opinion of lawyer and I will try to implement my project to cooperation with the Police. I decided making meeting to check influence movie for the drivers.

The movie was very important point of my project. I showed that watching tragical movie has influence for slowly drivers.
