

JUNE

- 1) Talking with the main Masuria Provincial Traffic Police in Olsztyn.
Talking about installed devices in police cars which can reproduce movies. Police devices can reproduce movies.
- 2) Talking with the lawyer about copyright. Firstly we would like to present the movies which would be downloaded from the Internet.
Meeting in ITS: Establishment the ways of measurement influence watched movies.
Firstly the police will be measure speeding of driving. Next will be control and presented movies. After the control, 4-5 km I will be measure speeding drivers who was watching the movies. I will be compare firstly speeding and speeding after watching the movies. From this way I will see if watching movies has influence for driving.
- 3) Additionally bonus will be giving to drivers CD's where driver could be watch at home another movies from crashes, not only made for speeding (also for alcohol, any seatbelts, etc.). The CD's I will prepare with contact with ITS, Police and computer scientist.
